

We are much more than a car Brand. We were born in a garage from the passion of a few believers who sought to reinvent the principles the automotive world.

We don't settle for a merely driving, we seek emotions. And when the car stops, the philosophy continues. We present a way of understanding life. Will you join our tribe?

CUPRA COLLECTION

CUPRA COLLABORATIONS

CUPRA dares to go further. We seek out creators that love what they do, that are capable of reinventing, of imagining a more contemporary concept of their products and we propose a challenge we can share.

We join forces with those that share our vision, with those brands that have chosen to innovate through their materials and design, with those that pour their passion into every item, just as we do: modern day artisans.

CUPRA ESSENTIALS COLLECTION

Our CUPRA tribe is special. That's why our own collection of fashion and accessories had to be special, as well. We have remastered even the most basic aspects, carefully choosing the materials and design of each article so that everything, absolutely everything, has that special touch of distinction.

COLLABORATIONS

MIKAKUS FOR CUPRA

The Mikakus Born x CUPRA unisex sneakers are inspired by the Barcelona neighborhood of the same name and were created to lead the way. The way of a new generation moving towards a more sustainable society.

These sneakers are made with ECOLIVE recycled cotton canvas and other recycled materials (obtained from treated and repurposed clothing) and are water repellent; differentiating this product from all others.

GOBIK FOR CUPRA

A GOBIK X CUPRA professional cycling gear, inspired by sportiness and design and created by Gobik, the cycling apparel and accessories brand.

The collection includes a reinterpretation of the brand's two most iconic products – a unisex cycling jersey and pair of shorts for men and women that have been developed to offer maximum performance, styled in a sleek and sporty aesthetic.

This CUPRA Capsule has been made with high-quality recycled fabrics and materials, which reinforces our commitment on sustainability and results on a ultra-light, perfect fit and breathable garment.

MARSET FOR CUPRA

Both CUPRA and Marset were born in the same city, Barcelona, and share a global vision and the intangible value of design. Chispa is a portable, rechargeable, and cordless lamp that takes us to the classic garage lamp, but with high quality features and characteristics. Sophisticated and lightweight. Its name, "spark" in Spanish, evokes creativity and innovation, the spark of light and progressiveness. When turned on, the three levels of warm light illuminates the lamp and the black color shines in CUPRA coppery.

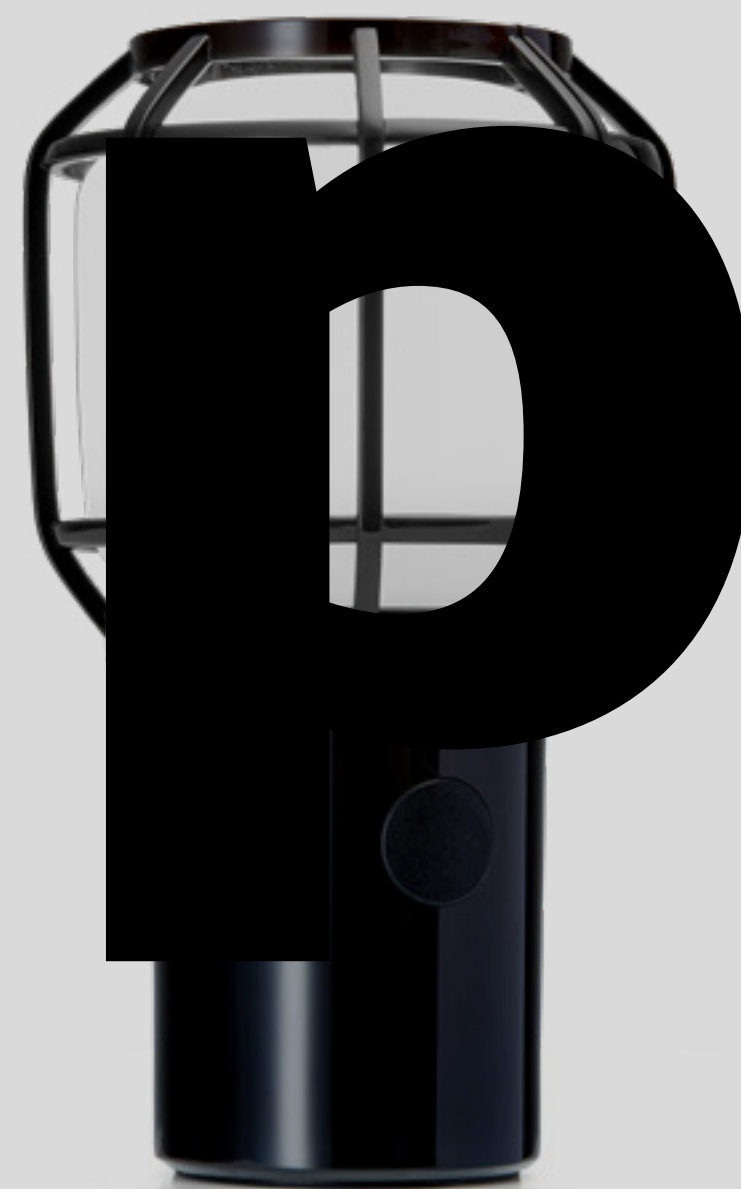

Through our collaboration with Marset, we've produced a beautiful lamp that generates emotion, and lasts over time with the utmost technical rigor.

SCALEXTRIC FOR CUPRA

There are toys that do not go out of style, year after year. This is the case of Scalextric (SCX), a toy that has been around for more than 50 years. CUPRA has joined forces with Scalextric to create the CUPRA edition racing set with the industry leader in slot car racing. The partnership brings together two brands that have racing, performance and emotion in their DNA. You'll find available two different circuits and various CUPRA racing cars to entertain yourself for hours!

L.G.R. FOR CUPRA

Italian elegance put together with the latest technology in mineral lens crafting and high quality materials inspired by CUPRA: copper, stainless steel and leather. They are the most suitable sunglasses for driving, as they guarantee clear vision and maximum protection for the eyes. Currently four different models to choose from, and more to come soon.

TRAKATAN FOR CUPRA

Each leather article, every accessory by Trakatan is unique because only in the things that are handmade can the most absolute exclusiveness be found. Craftsmanship and sophistication are brought to life in a small workshop in Italy, similar to how CUPRA was born in a garage in Barcelona. The Trakatan x CUPRA collection includes 2 bags, 3 backpacks and an ipad case in black, petrol blue and copper colours.

WILSON FOR CUPRA

The CUPRA Padel Racket made in collaboration with Wilson serves up more than powerful performance and slick design. It represents the dedication of two brands, WILSON and CUPRA, committed to growing the sport of padel through unwavering passion, unconventional thinking and unrivaled expertise.

The two brands come together with the launch of a co-branded Capsule collection: the new WILSON Bela CUPRA Padel racket, a padel bag and a t-shirt.

CARE INSTRUCTIONS

Better safe than sorry, that's why we recommend using a waterproofing spray to help keep your MIKAKUS cleaner longer. But if they DO get dirty and you want them to look new again, the first thing to do is to check what they're made of. If they're made of a material such as mesh, canvas or synthetic leather, you can put them right into the washing machine. If, on the other hand, if they have real leather, suede or nubuck leather, it's important NOT to put them into the washing machine to keep them from getting spoiled. In that case we recommend treating each material separately, for example, leather can be cleaned with a damp cloth but nubuck and suede must be cleaned with a brush.

DETAILED PRODUCT DESCRIPTION

The new Mikakus™ for CUPRA Paddock redefines the concepts of design and sophistication. With a modern knit upper, these slip-on sneakers have a chunky light EVA sole that provides maximum comfort thanks to its cushioning effect. They include laced support, a branded insole, and a logoed back tongue, and are designed with premium finishes, including metal eyelets and leather details.

MIKAKUS FOR CUPRA BORN THE IMPULSE OF A NEW GENERATION

The Mikakus for BORN were created to lead the way. The way of a new generation willing to change everything. Looking ahead, at a firm pace, and moving towards a more sustainable society. Using recycled fabrics and 100% organic cotton. Proving that design can also be ethical without giving up quality or comfort. At Mikakus, as well as at CUPRA, we believe that if you want something, you need to follow your own impulse. Just as our sneakers declare: an unstoppable impulse.

MARSET FOR CUPRA - CHISPA LAMP

With a look that is reminiscent of an antique garage lamp, Chispa is the symbol of the fusion between two worlds: cars and design. **Or we might say art? We are so exited since it has been selected for the MoMA store in New York.** This portable lamp will accompany you wherever you go, providing a warm and pleasant light. It is lightweight and has three brightness settings, making it ideal for indoor or outdoor use. It can also be hung using a hook.

BLACK

6H3052001 LAA

MATERIAL

Coloured polycarbonate base and structure,with white opal polyethylene diffuser.

CARE INSTRUCTIONS

This luminaire has been designed to be used in operating temperatures between 0° and 45°C. If luminaire is used in other ambient temperatures, the life of the battery may be reduced and not work properly. Don't leave this product under direct sunlight. To clean the luminaire use soft damp cloth, with soap or neutral detergent. Do not use alcohol or other solvents.

DETAILED PRODUCT DESCRIPTION

Chispa (Spark), designed by Joan Gaspar, is waterproof certified, with IP44 accreditation. Its design evokes a garage lamp, but a high quality one, lighter and eminently useful, with three settings for illumination. It is sophisticated and conveys a warm light, decidedly designed to serve as an accompaniment. Its structure is protected by a grate that revolves the light source, a touch rendering it truly original. It also comes with an accessory that allows one to hang it.

When turned on, the light itself illuminates the lamp, mitigating its color. Available in orange, blue, green and in a special black version with copper details, designed in collaboration with the automotive brand CUPRA. Chispa evokes creativity and ingenuity, the spark of light and combustion.

GOBIK FOR CUPRA MAILLOT CX BLEND

DETAILED PRODUCT DESCRIPTION

The new lightweight and breathable unisex jersey. It's innovative selection of fabrics is ideal for extended training. It combines a solid, highly technical fabric on the front, side and back panels, with a lightweight polyamide fabric that is very elastic for a perfect fit and outstanding aerodynamic properties. The sleeves and back pockets are made of polyester and bare the CUPRA logo and reflecting details that highlight the collaboration between CUPRA and Gobik on the back of the Jersey. A 32mm silicone strip at the waist provides the optimum support while riding your bicycle. Use range: 20° to 35°.

GOBIK FOR CUPRA CULOTTE ABSOLUTE REVOLUTIO

CUPRA, together with Gobik, takes the acclaimed Absolute 5.0 bib short to another level by using a highly technical fabric that provides maximum performance for longer periods. The result: an absolute revolution in compression, elasticity and reduced weight. With suspenders adapted to the female anatomy for perfect support, and an extra-long cut that allows for a much better adjustment of the length of the bib, this garment adds to your stability when riding a bicycle.
